

# ULTRASONIC LEVEL MONITOR

## LU500/LU1000/LU1500 Series

### GENERAL

LU500/LU1000/LU1500 Ultrasonic level monitor is a small but high-cost-performance level monitor in using of ultra sound. It has a compact and clean body made of polypropylene. It is suitable for the level management of pure water and /or chemical substances. It's 4 to 20 mA DC current/ Hart output, two alarm output for high and low toring and controlling.

### FEATURES

- ❑ Low cost, small, light and compact.
- ❑ Simple and clean construction made of polypropylene.
- ❑ Suitable for semi-conductor process and food industries which require non-contact level measurement of water, pure water and chemical substances.
- ❑ Superb for remote level control by 4 to 20mA DC output and HART output.
- ❑ Show level and parameters by LCD display for monitoring and date setting using key-switches.

PBT

Aluminium

### SPECIFICATION

● Measuring range	5.0mMax(LU500) 10.0mMax(LU1000) 15.0m Max(LU1500)	● Output function	Level signal	4 to 20mA DC/HART Max.load resistance:500W Resolutio:±0.1mA
● Minimum output range	0.2m	● Maximum Transmission		3000M
● Blocking distance	0.2m(LU500) 0.2m(LU1000) 0.2m(LU1500)	● Supply voltage		12 to 36 VDC
● Ultrasonic frequency	55kHz(LU500)(LU1000) 35kHz(LU1500)	● Power consumption		Approx. 3W
● Beam angle	5.5°(LU500)(LU1000) 3°(LU1500)	● Ambient Temperature		-20 to +70°C (Temperature Compensation Fully Compensated)
● Indication (Inside cover)		● Pressure		-0.2.....3bar
Level indication	LCD 3*16 indication	● Storage temperature		-30 to +80°C
Indication unit	mm,cm,m	● Material		
Parameter indication	change with key-switches	Body		PP/PTFE
● Measuring accuracy		Housing		PBT/Aluminium/SUS316L
Indicator accuracy	±0.2% of max. measuring range or 1mm	● Installation Thread		G1-1/2A/G2A thread
● Resolution Display	1mm (whichever is the larger)	● Enclosure		IP67
● Setting (Built-in the key -switches of power )		● Memory back up		EEPROM(for set parameters)
High and low alarm level		● Integration time		0-99sec,Adjustable
Current output level range				
Number of sampling data				
Other display units selectable				
● Approval : Standard (without Approval)				
Intrinsically Safe (Exia IIC T6)				
Intrinsically Safe+Ship Approval (Exia IIC T6)				
Intrinsically Safe+Flameproof Approval (Exia IIC T6)
